Dear Ms Lam

DRAFT NATIVE VEGETATION POLICY – INVITATION TO COMMENT

Thank you for the opportunity to comment on the Draft Native Vegetation Policy (the Policy), Landgate's feedback is attached. Landgate will also monitor the progress of the Policy as it relates to data capture and information sharing of native vegetation land information more broadly.

Landgate currently obtains data from the Department of Water and Environmental Regulation (DWER) to include in Property Interest Reports (PIR). Landgate would have an interest in any new native vegetation land information generated through the Policy that could be included on a PIR or that Landgate might hold for the State as the land information authority.

Yours sincerely
